

JOB ANNOUNCEMENT
Sussex County MUA is seeking a
Upper Wallkill Wastewater Facilities
Laboratory Assistant

The SCMUA Wastewater Facility in Hardyston, NJ is seeking a Laboratory Assistant. This position reports to the Laboratory Manager.

The individual in this position shall assist the Laboratory Manager in providing day-to-day complex lab tests/analyses required for the Wastewater Department, assist with providing operating personnel with instruction regarding chemical requirements and treatment plant processes, maintenance of lab records and reports.

The Laboratory Assistant shall assist the Laboratory Manager in maintaining lab certifications and standards required by EPA and NJ DEP requirements.

A few of the requirements are bachelor's degree in chemistry, or biological science, valid driver's license, and the ability to operate all types of lab equipment required to accomplish daily tasks. One (1) year of existing laboratory experience is a plus but not required.

Job Grade 9, 40-hour work week. Salary Range: \$43,000 - \$65,000. The SCMUA offers a competitive salary to commensurate with experience along with an excellent benefits package including New Jersey State Benefits and Pension, Deferred Comp, Vision, Dental and Group Life Insurance, Paid Benefit Leave: sick, vacation, personal days, and floating holidays.

Interested candidates should submit a cover letter, resume, SCMUA Employment Application and copies of certifications and salary requirements to: mnemeth@scmua.org or drop off your application at the SCMUA 34 Route 94 S. Lafayette, NJ 07848.

Applications are being accepted until February 1, 2025 or until the job is filled. View the SCMUA.org website for more information and application.
