

Battery Recycling

Never throw rechargeable batteries (especially lithium-ion) **in the trash or curbside recycling bin!** The batteries can cause fires and harm the environment, people and property.

Bring used batteries to a collection center:

- **Alkaline batteries:** Dispose as trash or order your own recycling box from www.batterynetwork.org/store/
- **Button cell batteries:** Tape or place in a plastic bag and bring to the next SCMUA Household Hazardous Waste Day.
- **Car batteries (lead/acid):** Bring to SCMUA's Convenience Center. Scale charge applies.
- **Rechargeable batteries:** Including Lithium-ion. Find a drop-off location here: www.batterynetwork.org/locator. The SCMUA Recycling is a drop-off location for <300-watt hour batteries.
- **High energy batteries >300 watt hours:** Find a drop-off location at www.batterynetwork.org/locator or bring to the SCMUA Household Hazardous Waste events.
- **E-Bike batteries:** Find a drop-off location: www.batterynetwork.org/locator.
- **Vapes:** Bring to the SCMUA Household Hazardous Waste events.

NOTE: Tape the terminals or individually bag small batteries.
